Project:

Land Acquisition, Disposal and Development
Strategy for Highway#1/88th Avenue /200th
Street

Client:

British Columbia Transportation Financing
Authority & Ministry of Transportation

Description:

Development strategy and land use plan including land valuation to maximize the value of surplus Crown lands around the 200th Street Interchange consistent with the Township of Langley's OCP. This project required a close working relationship with the Township of Langley in preparation for a public/ private partnership. Follow up activities after completion of the infrastructure were also undertaken.

Project Type:

Strategic Planning, Site Planning

Dates:

1998 to 2004

Consultants:

Township of Langley, Miller Thomson,
Penny & Keenleyside
