

Project

Sooke School District No. 62

Client

Sooke School District No. 62

Dates

Mar 2008 to Jun 2009

Project Type

Education Facilities

Consultants

Matrix Planning Associates

Description

Socio-economic demographic research and development analysis was undertaken in all six municipalities that make up the Sooke School District. Through interviews and research involving census data, local government and business reports, current and projected trends were identified for alternative land use recommendations.
