

Climate Adaptation Scan + Gap Analysis

Client

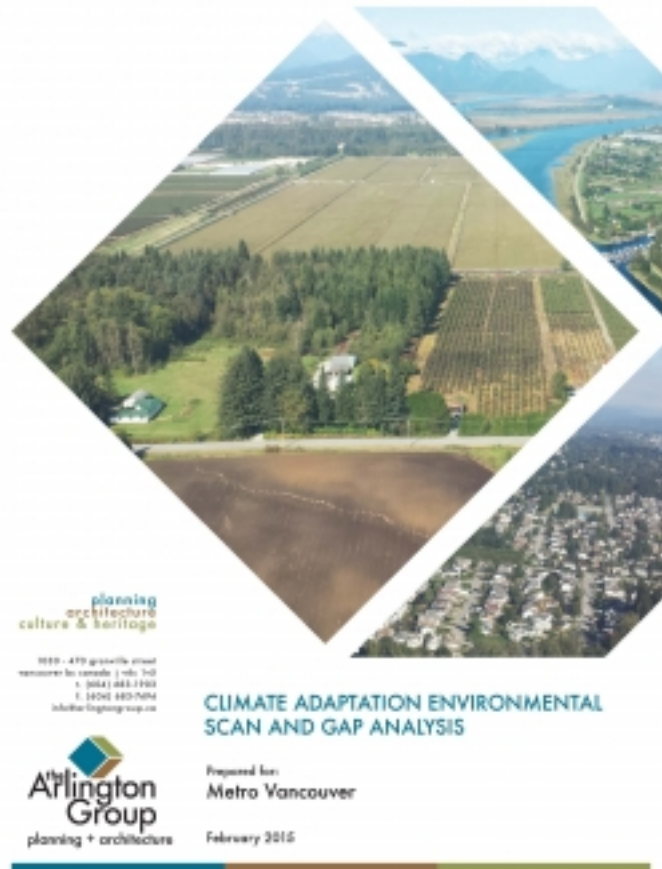

Metro Vancouver

Project Type

NA

Dates

Nov 2014 to Feb 2015

Description

The Arlington Group has just completed a scan of all Metro Vancouver member municipalities? policy, programs and in initiatives with respect to climate change adaptation.

The goal of the project was to gain an understanding of the approaches being made at the local government level to adapt to climate change and to identify gaps or barriers going forward.
